Our Mission Statement

BikePAC of Idaho, Inc. is an organization created to champion issues concerning motorcycling while safeguarding the rights of motorcyclists. Our goal is to educate motorcyclists in the legislative process and to encourage participation at the grass roots level in proposing, promoting and supporting laws that benefit motorcyclists and in opposing laws that challenge a motorcyclists "freedom of choice". BikePAC of Idaho, Inc. endorses rider education and fully supports motorcycle awareness education to benefit the safety of motorcyclists.

On Education...

BikePAC of Idaho (BPI) believes that education is a responsibility that every motorcyclist must accept. Education not only means informing the general public and legislators about our issues and concerns it also means *educating ourselves* about issues that affect us and our safety as motorcyclists. We must do both!

Rider Education and *Motorcycle Awareness* are two areas where motorcyclists can have a direct and positive impact on motorcycle safety. It is for that reason *BikePAC of Idaho* supports rider education and motorcycle awareness. For more information on the BPI Motorcycle Awareness Program go to: <http://bikepacofidaho.org/safety-education.htm>

On Legislative...

BikePAC of Idaho will strive to maintain contact with the State and Federal representatives of Idaho and keep the concerns, safety and best interests of all motorcyclists forefront.

BikePAC of Idaho will strive to educate motorcyclists in the legislative process and encourage participation in it by providing the necessary tools via the website. Information such as: Legislative Districts, Senators and House Representatives in Idaho will be listed as well as information on our Federal Representatives.

BikePAC of Idaho will provide its membership information on pertinent legislation affecting motorcyclists; who to contact and sample messages regarding supporting or opposing legislation on both the state and federal level. Your membership will provide you the opportunity for *true grass roots* participation in issues affecting motorcyclists.
